Re: NMOCD Case No. 14161: Application of Targa Midstream Services Limited Partnership to Amend Order No. R-13052 Concerning Acid Gas Injection Well, Lea County, New Mexico

Dear Sir/Madam:

This letter provides notice that Targa Midstream Services Limited Partnership ("Targa") has filed an application with the New Mexico Oil Conservation Commission seeking to amend Order No. R-13052 to delete the requirement to re-enter and re-plug NMGSAU Well No. 285 (API 30-025-12481) and to retain the Graham State NCT-F Well No. 7 (API 30-025-12482) as an active saltwater disposal well. A copy of the application is included with this letter. This application was previously scheduled for hearing before the Oil Conservation Division but has been transferred to the Oil Conservation Commission's docket.

This application will now be set for hearing on September 22, 2011 at 9:00 a.m. at the New Mexico Oil Conservation Commission, 1220 South St. Francis Drive, Santa Fe, NM. You are not required to attend this hearing, but as an operator of a well that may be affected, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude from challenging this application at a later time. If you intend to attend the hearing and present testimony or evidence, you must enter your appearance and serve the division, counsel for the applicant, and other parties with a hearing pre-statement at least four (4) business days before the scheduled hearing date in accordance with Oil Conservation Division rule 19.15.4.13.B NMAC.

Sincerely,

  
William C. Scott

Re: NMOCD Case No. 14161: Application of Targa Midstream Services Limited Partnership to Amend Order No. R-13052 Concerning Acid Gas Injection Well, Lea County, New Mexico

Dear Sir/Madam:

This letter provides notice that Targa Midstream Services Limited Partnership ("Targa") has filed an application with the New Mexico Oil Conservation Commission seeking to amend Order No. R-13052 to delete the requirement to re-enter and re-plug NMGSAU Well No. 285 (API 30-025-12481) and to retain the Graham State NCT-F Well No. 7 (API 30-025-12482) as an active saltwater disposal well. A copy of the application is included with this letter. This application was previously scheduled for hearing before the Oil Conservation Division but has been transferred to the Oil Conservation Commission's docket.

This application will now be set for hearing on September 22, 2011 at 9:00 a.m. at the New Mexico Oil Conservation Commission, 1220 South St. Francis Drive, Santa Fe, NM. You are not required to attend this hearing, but as an operator of a well that may be affected, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude from challenging this application at a later time. If you intend to attend the hearing and present testimony or evidence, you must enter your appearance and serve the division, counsel for the applicant, and other parties with a hearing pre-statement at least four (4) business days before the scheduled hearing date in accordance with Oil Conservation Division rule 19.15.4.13.B NMAC.

Sincerely,

  
William C. Scott
