Re: Targa Midstream Services LLC ("Targa"); OCD Order No. R-13052

Dear Mr. Scott:

This letter follows up on our meeting this morning concerning your September 9, 2011, letter to me, wherein you request, on behalf of Targa, an extension of time for the injection authority granted under OCD Order No. R-13052 ("Order").

Our meeting resolved concerns that I had about the extension, and included you providing to me the October 19, 2010 letter from then Director Fesmire, which extended the deadline under the Order until October 31, 2011. Accordingly, the deadline to commence injection is hereby extended through and including January 15, 2012. This extension does not alter any other terms of the Order or of prior extensions.

Please understand that I am granting this extension under the terms of the Order and as Director of the Oil Conservation Division, and that the hearing currently scheduled for September 22, 2011, regarding Targa's request to amend the Order is a matter for independent consideration by the Oil Conservation Commission.

Very truly yours,

Jami Bailey
Oil Conservation Division, Director
