Thank you, Mr. Scott. This application will be set on the September 22, 2011 Commission meeting. I did make one small change to your proposed ad - I changed the order number in the heading to Order No. R-13052. Everything else is perfect. Our notice of hearing will be prepared on August 24 and the docket the following week.

I appreciate your help.

Ms. Davidson,

Thank you for your e-mail concerning this case. I have prepared a First Amended Application of Targa Midstream Services, Limited Partnership to Amend Order No. R-13052 which I have attached to this e-mail for filing. The First Amended Application reflects that the matter will now be heard by the Commission and that the hearing date is September 22, 2011. Earlier today, I mailed copies of the application to all operators of a well within a one mile radius of the Monument well.

Thank you for your assistance. If you have any questions, please feel free to contact me.

Mr. Scott, OCD's policy now is to place all acid gas injection cases on the Commission docket. Case 14161 to amend Order No. R-13502 concerning the proposed Monument Acid Gas Injection Well in Section 36, Township 19 South, Range 36 East, was mistakenly placed on the Division examiner docket for August 18, 2011. This case will be continued from the Division hearing to the September 22, 2011 Commission hearing. A docket of that hearing will be prepared and sent to you by the end of August.

I apologize for any inconvenience this may cause you. If you have any questions, please call or e-mail me.

Thank you.

Florene Davidson  
Commission Clerk
