PAUL BACA PROFESSIONAL COURT REPORTERS  
500 Fourth Street, NW, Suite 105  
Albuquerque, NM 87102

1                   CHAIRWOMAN BAILEY: It's 9 o'clock. This is  
2     the first meeting of the Oil Conservation Commission  
3     Meeting for 2011. I am Jami Bailey, Director of the Oil  
4     Conservation Division. To my left is Bob Balch, who is  
5     the department secretary. To his left is Commission  
6     Counsel Cheryl Bada, and to her left is Lisa, the court  
7     reporter. To my right is Scott Dawson, designee from  
8     the New Mexico State Land Office, and to his right is  
9     Florence Davidson, the Commission secretary.

10                The first item of business -- oh, well, we have a  
11     full commission, and we are meeting here in Porter Hall  
12     at 9 o'clock in the Wendell Chino Building here in  
13     Santa Fe.

14                Now, the first item on our docket is approval of  
15     the minutes of the December 9th, 2010 Commission meeting  
16     and the December 20th, 2010 Special Commission meeting.  
17     I am the sole surviving member of that Commission, and I  
18     have reviewed these minutes. So on behalf of that  
19     Commission, I will sign these minutes.

20                The next item of business is election of the  
21     chairman of the Oil Conservation Commission. Do I hear  
22     any nominations?

23                       MR. BALCH: I nominate Jami Bailey.

24                       MR. DAWSON: Second.

25                       CHAIRWOMAN BAILEY: All those in favor, aye.

1 MR. DAWSON: Aye.

2 MR. BALCH: Aye.

3 CHAIRWOMAN BAILEY: All those opposed? And  
4 I accept the chairmanship of the Oil Conservation  
5 Commission. Thank you very much.

6 And I will always ask the indulgence of the  
7 attorneys who are representing their clients to help me  
8 along the lines of the rules for a hearing since I'm not  
9 an attorney.

10 The third item will be adoption of the annual  
11 resolution setting forth reasonable notice standards for  
12 Commission Public Meetings pursuant to the New Mexico  
13 Open Meetings Act.

14 Cheryl, would you please tell us what this  
15 resolution means, what it is?

16 MS. BADA: What the resolution is, is it  
17 establishes your requirements for notice of your  
18 meetings, regular meetings and emergency meetings.  
19 You're required to do that by the Open Meetings Act each  
20 year. So it sets out where you're going to publish the  
21 notice, how much notice you have to give, when the  
22 agenda will be available, both draft and final. And it  
23 also addresses who can attend the actual meeting and  
24 then also addresses -- I lost my train of thought on the  
25 last item. But it essentially sets those items out;

1 what you can do as far as notice and what you think is  
2 adequate notice for those meetings.

3 CHAIRWOMAN BAILEY: Are there any questions  
4 concerning resolution, any discussion?

5 MR. BALCH: No questions.

6 MR. DAWSON: No.

7 CHAIRWOMAN BAILEY: Then all those in favor  
8 of adopting the resolution establishing procedures for  
9 giving notice of public meetings of the New Mexico Oil  
10 Conservation Commission, please signify by saying aye.

11 MR. BALCH: Aye.

12 MR. DAWSON: Aye.

13 CHAIRWOMAN BAILEY: All those opposed?  
14 Seeing none, the resolution is adopted and will be  
15 signed by each of the Commissioners.

16 We'll now call the first case on the docket, case  
17 12276, which is Application of Burlington Resources Oil  
18 & Gas for compulsory pooling in Section 36, Township 27

21 County, New Mexico. This case will also be continued to  
22 July 28th, 2011.
