Mr. Scott, I received your motion on behalf of Targa Midstream Services LLC, to reopen Case No. 14575 to offer proof of well completion, well test results, and extent of injection radius. There are already five cases scheduled for the December 8, 2011 Commission meeting, four of which are contested. The Commission may also conduct deliberations on the hydraulic fracturing disclosure rule case at that meeting. The pit rule will be heard in January and might take several days. After talking with Jami Bailey, she instructed me to ask if a February Commission meeting date would be acceptable to you for the Commission to hear your motion.

Please let me know if you have a problem with a February hearing date.

Thank you very much.

Florene Davidson  
Commission Clerk
