Florene,

When I sent the caption of the case to the paper for publication, I used an old draft that included the request for commingling. At this time, I do not believe that XTO is seeking an exception to allow for downhole commingling.

So for your publication of hearing notice, I do not believe you need to include the last sentence.

Would you please review it and see if it accurately describes what you are seeking in this application? Thank you very much for your help.
