Attachments: Coulthurst_Three Forks Waiver.pdf

David,

Can you confirm that the Division has received the attached waiver and that it adequately addresses the Division's concerns regarding notice to the offsetting interest (Three Forks) to the proposed pressure maintenance injection well? We also have a green card receipt if we must submit that with an affidavit on July 12, but if the waiver is adequate then I suppose this case can be taken under advisement.

Thanks.

David,

Please find attached to this email the waiver letter signed by Mitch Meyer, vice president geology, for Three Forks Resources, waiving any objections to Coulthurst's application for authorization to inject into the Erin No. 2 well.

Please let me know if you have any questions or require anything further before taking this matter under advisement.

Sincerely,
Adam

Dear Adam

Since Three Forks appears to be the only offsetting operator, I think a waiver would work.

Sincerely

David

David,

If we're able to get a waiver from Three Forks on file, can the Division take the application under advisement without re-setting for the July 12 docket? If so, we would pursue getting a waiver.

Please advise. Thanks David.

Thanks, Adam

I forgot to say that it will not be necessary to bring your witness again unless the noticed party enters an appearance. In even of a default it will be sufficient to file an amended notice affidavit.

David

Dear Adam

In this injection application case, notice to the offsetting leaseholder, Three Forks Resources, LLC, was sent to 1775 Sherman Street, Suite 1675, Denver CO 80203, and was returned undeliverable.

I have ascertained from [Google.com](https://www.google.com) that Three Forks Resources, LLC has a new address: 1515 Wazee Street, #350, Denver CO 87202, and a listed phone number: 303-318-0717, which is answered in their name.

Accordingly, I am re-setting this case for the July 12 docket, with the expectation that Three Forks will be re-noticed.

Sincerely

David K. Brooks
