

1 January 19. Case Number 8352, reopened, is dismissed.

2 And finally on the last page, Case Number ~~13940~~ is
3 continued to March 1.

4 Are there any corrections or additions?

5 (No response.)

6 EXAMINER BROOKS: Very well. There hearing none, I
7 will at this time call Case Number 14763.

8 I will at this time call Case Number 14763,
9 Application of Mack Energy Corporation for compulsory
10 pooling, Lea County, New Mexico. Call for appearances.

11 MR. BRUCE: Mr. Examiner, Jim Bruce of Santa Fe
12 representing the applicant. I have two witnesses. This is
13 an opposed case. I just bring that up in case -- or are they
14 both opposed?

15 MR. FELDEWERT: I don't believe our case is opposed.

16 MR. BRUCE: Are you going to consolidate?

17 MR. FELDEWERT: Actually, Mr. Examiner, with respect
18 to Nadel and Gussman COG admitted applications, one of the
19 two cases we can now dismiss. The parties -- COG has been
20 able to reach a good-faith resolution with all the parties on
21 one of the cases, pooling cases, so we really only have a
22 single pooling case to present.

23 EXAMINER BROOKS: Which is the one to be dismissed?

24 MR. FELDEWERT: It would be the initial one. Give
25 me a minute, Mr. Examiner. 14627 --
