**STATEMENT OF THE CASE**

**APPLICANT**

Mewbourne Oil Company seeks an order approving an 160-acre non-standard oil spacing and proration unit (project area) in the Bone Spring formation comprised of the N/2S/2 of Section 34, Township 18 South, Range 30 East, NMPM. Applicant further seeks the pooling of all mineral interests in (i) the Bone Spring formation underlying the NE/4SE/4 of Section 34 to form a standard 40 acre oil spacing and proration unit, and (ii) the Bone Spring formation underlying the N/2S/2 of Section 34 to form a non-standard 160 acre oil spacing and proration unit (project area) for all pools or formations developed on 40 acre spacing within that vertical extent. The units are to be dedicated to the Dorado 34 Fed. Com. Well No. 1, a horizontal well with a surface

location in the NE/4SE/4, and a terminus in the NW/4SW/4, of Section 34. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in drilling and completing the well.
