**Re: Case No. 13418 (Continued and Re-Advertised) Amended Application of Huntington Energy, L.L.C. for compulsory pooling, Rio Arriba County, New Mexico.**

Ladies and Gentlemen:

This letter is to advise you that Huntington Energy, L.L.C. has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking an order pooling all mineral interests from the base of the Mesaverde formation to the Base of the Dakota formation in the following described acreage in Section 2, Township 25 North, Range 7 West, NMPM: the W/2 to form a standard 320-acre spacing and proration unit for all formations developed on a 320-acre spacing within that vertical extent which includes but is not necessarily limited to the Basin-Dakota Gas Pool; the NW/4 to form a standard spacing and proration unit for all formations developed on 160-acre spacing within that vertical extent; and the SW/4 NW/4 to form a standard spacing and proration unit for all formations developed on 40-acre spacing within that vertical extent. Said units are to be dedicated to its Canyon Largo Unit Well No. 473 to be drilled at a standard gas well location 1625 feet from the North line and 1285 feet from the West line of said Section 2. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of Huntington Energy, L.L.C. as operator of the well and a 200% charge for risk involved in drilling said well.

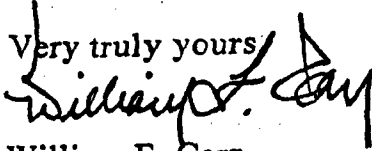

This amended application has been set for hearing before a Division Examiner on May 5, 2005. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-hearing Statement three days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of

HOLLAND & HART 

all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr  
ATTORNEY FOR HUNTINGTON ENERGY, L.L.C.

**SANTA FE, NEW MEXICO**

The State of New Mexico through its Oil Conservation Division hereby gives notice pursuant to law and the Rules and Regulations of the Division of the following public hearing to be held at 8:15 A.M. on May 6, 2006, in the Oil Conservation Division Hearing Room at 1220 South St. Francis, Santa Fe, New Mexico, before an examiner duly appointed for the hearing. If you are an individual with a disability who is in need of a reader, amplifier, qualified sign language interpreter or any other form of auxiliary aid or service to attend or participate in the hearing, please contact Florence Davidson at 505-769-3458 or TDD at 505-769-8561 by April 28, 2006. Public documents including the agenda and minutes can be provided in various accessible forms. Please contact Florence Davidson for a summary or other type of accessible format needed.

**STATE OF NEW MEXICO  
TO:**

All named parties and persons having any right, title, interest or claim in the following cases and notices to the public. (NOTE: All references herein refer to the New Mexico Principal Matters whether or not otherwise stated.)

**CASE 1045 (Conservation Re-Advised):**  
**Amended Application of Huntington Energy, L.L.C. for compulsory pooling, Rio Arriba County, New Mexico.** Applicant in the above-styled cause seeks an amended pooling unit which includes certain mineral interests located within the Base of the Dakota formation in the following described tracts and in those portions thereof which are spacing and proration unit for all formations developed on a 320-acre spacing unit while that vertical extent which includes but is not necessarily limited to the Base of Dakota formation in the following described tracts and in those portions thereof which are spacing and proration unit for all formations developed on a 320-acre spacing unit; and the SWANMA to form a revised spacing and proration unit for all formations developed on said acreage as well as to amend the existing wellhead unit to include the defined horizontal area of the Unit Well No. 73 and extend it eastward and southward to the 165° and 105° North lines and 435' and 500' East line of said Section 22 and part of all formations from the Base of the Mesaverde formation to the Base of the Dakota formation. Also to be considered will be the cost of drilling and completing said wells and the allocation of the cost thereof as well as actual operating costs and charges for servicing, designation of Huntington Energy, L.L.C. as operator of the well and a 40% charge for reworked and plugged said well. Said area enclosed approximately 20 miles southeast of Hatch, New Mexico. Given under my Seal of the State of New Mexico Oil Conservation Commission at Santa Fe, New Mexico on this 12th day of April, 2006.
