Re: Application of OXY USA WTP Limited Partnership for compulsory pooling, Harding County, New Mexico. (Fat Cactus Federal Com Well No. 1)

Ladies and Gentlemen:

This letter is to advise you that OXY USA WTP Limited Partnership has filed the enclosed application with the New Mexico Oil Conservation Division seeking the compulsory pooling of the standard 320-acre spacing and proration unit comprised of the E/2 of Section 15, Township 19 North, Range 27 East, NMPM, Lea County, New Mexico. Said unit will be dedicated to OXY USA WTP Limited Partnership's proposed Fata Cactus Federal Well No. 1 which it proposes to drill at a standard gas well location 660 feet from the North line and 1400 feet from the East line of said Section 15 to test all formations from the surface to the base of the Morrow formation.

This application has been set for hearing before a Division Examiner on August 11, 2005, at the Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement with the Division at its Santa Fe Office four days in advance of a scheduled hearing, but in no event later than the Friday preceding the scheduled hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr

MEXICO TO:**

All named parties and persons having any right, title, interest or claim in the following cases and notice to the public.

(NOTE: All land descriptions herein refer to the New Mexico Principal Meridian whether or not so stated.)

CASE 13534:

Application of OXY USA WTP Limited Partnership for compulsory pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all mineral interests in all formations from the surface to the base of the Morrow formation in the following described acreage in Section 15, Township 19 South, Range 27 East, NMPM: the E/2 to form a standard 320-acre spacing and proration unit for all formations developed on a 320-acre spacing within that vertical extent which includes but is not necessarily limited to the Angell Ranch Atoka-Morrow Gas Pool; and the NE/4 to form a standard spacing and proration unit for all formations developed on 160-acre spacing within that vertical extent. OXY proposes to dedicate the

LEGAL NOTICE

above-referenced spacing or proration unit to its Fat Cactus Federal Well No. 1 to be drilled at a standard gas well location 660 feet from the North line and 1400 feet from the East line (Unit B) of said Section 15, to an approximate depth of 10,650 feet to test any and all formations from the surface to the base of the Morrow formation.

Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of OXY USA WTP Limited Partnership as operator of the well and a charge for risk involved in drilling said well. Said area is located approximately 12 miles southwest of Artesia, New Mexico.

Given under the Seal of the State of New Mexico Oil Conservation Commission at Santa Fe, New Mexico on this 20th day of July 2005.
