**STATEMENT OF CASE**

**APPLICANT**

Applicant in the above-styled cause seeks an order pooling all mineral interests in all formations from the surface to the base of the Morrow formation in the following described acreage in Section 15, Township 19 South, Range 27 East, NMPM: the E/2 to form a standard 320-acre spacing and proration unit for all formations developed on a 320-acre spacing within that vertical extent which includes but is not necessarily limited to the Angell

Ranch Atoka-Morrow Gas Pool; and the NE/4 to form a standard spacing and proration unit for all formations developed on 160-acre spacing within that vertical extent. OXY proposes to dedicate the above-referenced spacing or proration unit to its Fat Cactus Federal Well No. 1 to be drilled at a standard gas well location 660 feet from the North line and 1400 feet from the East line (Unit B) of said Section 15, to an approximate depth of 10,650 feet to test any and all formations from the surface to the base of the Morrow formation. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of OXY USA WTP Limited Partnership as operator of the well and a charge for risk involved in drilling said well. Said area is located approximately 12 miles southwest of Artesia, New Mexico.

**PROPOSED EVIDENCE**

**APPLICANT**

<b>WITNESSES</b> (Name and Expertise)	<b>ESTIMATED TIME</b>	<b>EXHIBITS</b>
David Evans (Land)	Approx. 15 Minutes	Approx. 6

**PROCEDURAL MATTERS**

OXY USA Inc. has none at this time.
