Mr. Jones:

The above-referenced case was heard on December 13, 2012, before Examiner Brooks. The case was uncontested. Mr. Brooks required supplemental information. This afternoon I learned that the supplemental information, consisting of a waiver of hearing by the surface owners who are also the lessors under an oil and gas lease on which the injection well will be located and some additional title information, has not all been completely compiled by KC Resources. Accordingly, we request a continuance to the Division's next hearing docket so that we can complete compilation of the supplemental materials.

Please let me know if there is a problem with this request.
