

CASE 13528: *Readvertised. This Case will be Continued to the September 8, 2005, Examiner Hearing. Amended Application of NorthStar Operating Company for an Unorthodox Gas Well Location, Lea County, New Mexico.* Applicant seeks approval of an unorthodox well location in the Wolfcamp formations, for its Fort Well No. 1 to be drilled at an unorthodox well location 2100 feet from the North line and 2500 feet from the East line of Section 8, Township 15 South, Range 38 East. Said well is located approximately 15 miles east of Lovington, New Mexico.

CASE 13510: *Continued from July 14, 2005, Examiner Hearing. This Case will be Continued to the September 22, 2005, Examiner Hearing.*

Application of EOG Resources, Inc. for compulsory pooling, Lea County, New Mexico. Applicant seeks an order pooling all mineral interests from the surface to the base of the Morrow formation in the following described spacing and proration units located in the W/2 of Section 16, Township 18 South, Range 32 East: the W/2 for all formations and/or pools developed on 320-acre spacing which includes but is not limited to the Undesignated North Lusk-Morrow Gas Pool; the NW/4 for all formations and/or pools developed on 160-acre spacing; and the W/2 NW/4 for all formations and/or pools developed on 80-acre spacing which includes but is not necessarily limited to the Undesignated Young-Strawn Pool; and the SW/4 NW/4 for all formations and/or pools developed on 40-acre spacing which includes but is not necessarily limited to the Undesignated North Young-Wolfcamp Pool, Young-Bone Spring Pool, Undesignated North Young-San Andres Pool, Undesignated South Maljamar-Grayburg Pool, and Young-Queen Pool. These spacing and proration units are to be dedicated to the Joven "16" State Com Well No. 1 to be drilled to the Morrow formation at a standard gas well location 1800 feet from the North line and 990 feet from the West line of said Section 16. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of EOG Resources, Inc. as operator of the well and a 200% charge for risk involved in drilling said well. Said area is located approximately 8 miles south of Maljamar, New Mexico.

CASE 13519: *Continued from July 14, 2005, Examiner Hearing.*

Application of Mewbourne Oil Company for compulsory pooling, Eddy County, New Mexico. Applicant seeks an order pooling all mineral interests in all formations from the surface to the base of the Morrow in the W/2 of Section 21, Township 20 South, Range 25 East, in the following described spacing and proration units: the W/2 to form a standard 320-acre spacing and proration unit for all formations developed on 320-acre spacing within that vertical extent which includes but is not necessarily limited to the Undesignated Cemetery-Morrow Gas Pool, the Undesignated North Seven Rivers Hills-Atoka Gas Pool, and the Undesignated North Cemetery-Wolfcamp Gas Pool; the NW/4 to form a standard spacing and proration unit for all formations developed on 160-acre spacing within that vertical extent; and the NW/4 NW/4 to form a standard spacing and proration unit for all formations developed on 40-acre spacing within that vertical extent. Said units are to be dedicated to applicant's proposed Pine Box "21" Federal Com Well No. 1 to be drilled and completed at a standard gas well location 1310 feet from the North and West lines (Unit D) of said Section 21. Also to be considered will be the cost of drilling and completing said well, the allocation of the cost thereof, actual operating costs and charges for supervision, the designation of Mewbourne Oil Company as operator of the well, and a charge for risk involved in drilling said well. Said area is located approximately 7 miles southwest of Lakewood, New Mexico.

CASE 13538: *Application of Read & Stevens, Inc. for a Non-Standard Oil Proration Unit, Lea County, New Mexico.*

Applicant seeks to establish a non-standard oil spacing and proration unit for wildcat San Andres oil production to comprise 53.64 acres, more or less, by combining Lot 4 (consisting of 27.28 acres) and the easterly most 26.36 acres of the SE/4 SW/4 (Unit N) of Irregular Section 17, Township 19 South, Range 39 East, which is located on the Texas/New Mexico state line approximately four-and-a-half miles southeast of Hobbs, New Mexico. This unit to be dedicated to its proposed Brumley "17" Federal Com. Well No. 1 to be drilled at a standard oil well location 330 feet from the South line and 485 feet from the East line (Lot 4/Unit O) of Irregular Section 17.

CASE 13543: *Application of Cimarex Energy Co. for Compulsory Pooling, Lea County, New Mexico.* Cimarex Energy Co. seeks an order pooling all mineral interests from the surface to the base of the Morrow formation underlying the S/2 of Section 8, Township 15 South, Range 36 East, to form a standard 320-acre gas spacing and proration unit for any and all formations or pools developed on 320-acre spacing within that vertical extent, including the Undesignated Caudill-Atoka Gas Pool. The unit is to be dedicated to the Caudill West "8" Fee Well No. 1, to be located at an orthodox gas well location in the SE/4 SE/4 of Section 8. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in drilling and completing the well. The unit is located approximately 4 miles south-southwest of Hillburn City, New Mexico.
