**Subject:** Case No. 14945: COG's pooling application for the Warhawk Well

Gentlemen: COG has been informed by Mr. Kautz that the District Office will change the pool designation for the Warhawk "3" Federal Com Well No. 1H (API 30-025-40635) from the Lusk Bone Spring East pool to the Lusk Bone Spring North pool. A new sundry confirming this designation will be filed shortly with the district office.

As a result of this development there is no longer any need for an approved NSL for the Warhawk well, as its proposed location will comply with the standard 330' setback provisions governing the Lusk Bone Spring North pool.

Thank you for your attention to this matter.
