Ms. Davidson: Attached please find a redlined version of the current case description for Case No. 15035, as well as a clean version. Since COG did not prepare the original case description, we ask that this revised version be substituted on the Division's docket notice to more accurately reflect what is being requested from the Division.

COG will also file today a letter requesting that Case No. 15035 be continued to the September 19th Examiner docket.

Thank you for your attention to this matter.
