RE: 2014 Plan of Development
Gallegos Canyon Unit
San Juan County, NM
Objection and Request for Unit Meeting

Dear Mr. Carley:

Synergy Operating, LLC ("Synergy") is in receipt of your letter dated February 20, 2014 and hereby objects to the planned submittal of BP America Production Company's ("BP") planned submittal of this Plan of Development.

Synergy formally requests that BP America hold a formal meeting of the Unit interest holders in Farmington, NM at BP America's office to discuss the profitability and future plans of BP's operations in this unit. This meeting should be held immediately and any submittal of unit plans to the Bureau of Land Management should be noted as being subject to modifications which may result from this Unit meeting.

There are a number of concerns related to profitable operations which should be discussed and answered at a meeting of all the interest owners. Synergy has previously requested that BP hold such a meeting with the all working interest owners, without receiving a response.

Synergy has copied all of the working interest owners on this letter communication. Please do not hesitate to contact me at tom.mullins@synergyoperating.com or 505.599.4905.

Best regards,

Thomas E. Mullins
Engineering Manager
