Third Request for Subsequent Plugging Report

Shipman Well #1-G Sec. 35, T225, R37E

Gentlemen:

We have inspected the above-referenced well location and it is ready to be released. However, you have not filed a subsequent report of the actual plugging of this well, so we are unable to release the location.

We have written to you on two occasions requesting this report and so far it has not been received. Copies of these letters are enclosed for your information.

Your prompt attention to this request is expected and further delay will be cause to turn this matter over to our attorney.

Very truly yours.

Shipman #1-G

Sec. 35, T225, R37E

The operator failed to file a subsequent plugging report on the above-referenced well which was plugged in 1983 and is currently unable to find the specific plugging information in order to file the report.

It is hereby bessemble the many magnet according to the property procedure and the location is released since surface cleanup is satisfactory.
