RE: Case No. 14613 (Re-opened)
Application of Apache Corporation and COG Operating L.L.C.
Lea and Eddy Counties, New Mexico

VIA Fedex

Gentlemen:

Cimarex Energy Co. of Colorado supports Apache Corporation and COG Operating L.L.C. application for the increased production allowable in the Yezo formation in regard to Case No. 14613 thereby making the temporary allowable order permanent. As an operator, in regard to the order, Cimarex Energy Co. of Colorado believes the current production allowable is insufficient to properly produce wells in the reservoir and that the requested allowable will avoid wasting reservoir energy and will protect the correlative rights of owners.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Alexander".
