RESPONDENT'S MOTION FOR CONTINUANCE

Trabajo Del Spear, LP, a non-operating working interest owner and Respondent in this matter, moves for a continuance of the March 5, 2015 hearing on the Application of Applicant Chevron U.S.A., Inc. to the hearing examiner's next available hearing docket of March 19, 2015, and in support thereof would show as follows:

Respondent recently received Applicant's proposed Joint Operating Agreement. There are several provisions therein with which Respondent takes issue, and Respondent wishes to have additional time in order to negotiate the terms of the proposed JOA with Applicant prior to having its interests subject to being force-pooled and/or prior to the time for submission of its share of drilling costs in connection with its participation in the proposed wells. Applicant opposes Respondent's requested continuance. Respondent does not believe that the requested continuance would prejudice Applicant, and its request for a continuance would serve the interests of preventing waste and protecting correlative rights.

RESPECTFULLY SUBMITTED,
