APPLICATION OF COG OPERATING LLC, TO RE-OPEN CASE NO. 15075 TO POOL THE INTERESTS OF ADDITIONAL MINERAL AND LEASEHOLD OWNERS UNDER THE TERMS OF COMPULSORY POOLING ORDER R-13791, EDDY COUNTY, NEW MEXICO.

CASE NO. 15075 (re-opened)

APPLICATION

COG OPERATING LLC, ("COG") through its undersigned attorneys, hereby makes application to the Oil Conservation Division to pool the interests of additional mineral and leasehold owners under the terms of compulsory pooling Order R-13791. In support of its application, COG states:

1. Under Division Order R-13791 entered January 23, 2014, the Division created a 159.06-acre non-standard spacing and proration unit in the Yeso formation (Atoka-Glorieta-Yeso Pool (pool code 3250)) consisting of the W/2W/2 of Section 3, Township 19 South, Range 26 East, NMPM, Eddy County, New Mexico and pooled certain uncommitted mineral interest owners in this spacing and proration unit ("the Unit").

2. Under Order R-13791, the Unit is to be initially dedicated to COG's proposed **Lee 3 Fee No. 1H** (API No. 30-015-39586), which is to be drilled as a horizontal well at a surface location 330 feet from the South line and 380 feet from the West line (Unit M) to a standard terminus 330 feet from the North line and 380 feet from the West line (Lot 4) of Section 3.

RECEIVED OGD
2015 MAR -3 P 3:39

3. Since the entry of Order R-13791, COG identified additional mineral and leasehold interest owners who are not subject to the initial pooling order and which have not voluntarily committed to the development of the Unit.

4. The pooling of these additional mineral and leasehold interest owners under the terms of Division Order R-13791 will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.

5. In order to obtain COG's just and fair share of the oil and gas underlying the Unit, all remaining uncommitted mineral and leasehold interests in the Unit should be pooled pursuant to the terms of Division Order R-13791.

WHEREFORE, COG Operating LLC requests that this application be set for hearing before an Examiner of the Oil Conservation Division on April 2, 2015, and, after notice and hearing as required by law, the Division pool all remaining uncommitted mineral and leasehold interest owners in the Unit pursuant to the terms of existing Order R-13731.

Respectfully submitted,
