Florene,

I hope you are well. Our attorney, Jennifer Bradfute, mentioned that it would be helpful for us to communicate Matador's intentions for the Cimarron State 16-19S-34E RN #133H well. If it is possible to expedite a decision for Case No. 15366, Matador intends to move the Cimarron State 16-19S-34E RN #133H well up on our drill schedule to mid-October. Typically, our rig setup begins moving to the location about a week ahead of the spud date. We are encouraged by positive well results for the Cimarron State 16-19S-34E #134 located immediately to the East and feel optimistic about this upcoming well.

We appreciate the OCD's consideration of our application. If any other information would be helpful, please do not hesitate to reach out to me.

Sincerely,  
Dana

*Dana Arnold*
