**Subject:** Mewbourne/Leo project area/Case 15396

Mike: The BHL's are as follows:

Leo 15 B2DP No. 1: 1215' FSL and 356' FEL

Leo 15 B2DN No. 1: 347' FSL and 992' FEL

PLEASE NOTE: The second well was supposed to have a BHL in Unit N. In looking at the plats submitted at hearing, its BHL is in Unit P. I have informed Mewbourne that they need to file a new C-102 and amend the well name. They are doing that.

You indicated that, as to the exterior of the project area, the wells would not be unorthodox. However, the second well will be unorthodox toward the unleased BLM acreage (W/2SW/4), and I am getting that distance for you also.

I will submit an affidavit on SHL's and surface use at the hearing.

Jim
