In Case No. 15392, applicant COG Operating LLC requests an order (i) approving a 160-acre non-standard oil spacing and proration unit (project area) comprised of the W/2 E/2 of Section 15, Township 17 South, Range 32 East, N.M.P.M., in Lea County, and (ii) pooling all uncommitted mineral interests in the Yesso formation underlying this acreage. The project area is to be dedicated to COG Operating LLC's Ragnar Fed Com #25H well, which will be horizontally drilled from a surface location in Unit B of Section 22, Township 17 South, Range 32 East to a bottom hole location in Unit B of Section 15, Township 17 South, Range 32 East. The completed interval for the well will remain within the 330-foot standard offset required by the Division's rules. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost, the designation of COG Operating LLC as the operator of the well, and a 200% charge for the risk involved in drilling and completing the well. The proposed project area is located approximately 1.25 miles south of Maljamar, New Mexico.
