Re: **Request for Extension to Commence Drilling**
Kinsolving 2 Well No. 1 (30-025-pending)
Division Order No. R-13939 (Case No. 15225)

Dear Mr. Bruce:

The Oil Conservation Division (OCD) received your letter regarding the referenced subject on December 29, 2015. It is our understanding that JLA Resources Company is concerned that the current low oil prices will detrimentally affect the economics of drilling this high risk well, and consequently requests an extension to Order R-13939.

The OCD has reviewed your request and hereby extends the date to commence the drilling of this well on or before December 31, 2016.

If you have any question, please contact William V. Jones at williamv.jones@state.nm.us or call (505)-476-3477.

Sincerely;

DAVID R. CATANACH
Director
