Julian,

Here are the things we would like to discuss with you related to the Maljamar (Puckett) area in Eddy County, NM:

1. We need to temporarily abandon the Nosler Fed #3 well located in the SESE of Sec 24-17S-31E to get it off our plugging list at the state. We want to preserve the well bore for possible future horizontal drilling. I will be sending you an AFE tomorrow in the amount of \$57,000 for this operation. We hope to be able to get it TA'd for a lot less. Your working interest is 10.8%.
2. We want to discuss with you what your plans are for the undeveloped acreage that COG reassigned to you. Our preference would be for you to sign a joint operating agreement so that we can move forward with our project with you as a working interest owner. I have a form I can send you if you are inclined to do so. If you have something else in mind, please let us know what that is.

I will be here tomorrow morning but out tomorrow afternoon. I look forward to hearing from you.

Thanks,
David

David,

I was out of town yesterday. Sorry I missed you then and again this afternoon. I have near future plans to be away frequently but I'll have free time tomorrow. If you wish to send me topics you want to discuss, I'll attempt to have them researched this evening so a written response will be possible. I travel again next week. I look forward to your response. Let me know if the above is a satisfactory approach to whatever you have in mind!

Thanks,

Julian
