

<p align="center">PROPOSED RULE</p> <p align="center">36.8(A) SWMF Permits and Application Requirements</p>	<p align="center">Current Rule</p> <p align="center">36.8(A) SWMF Permits and Application Requirements</p>
<p>A. Permit required. No person shall operate a surface waste management facility (other than a small landfarm registered pursuant to Paragraph (1) of Subsection A of 19.15.36.16 NMAC) except pursuant to and in accordance with the terms and conditions of a division-issued surface waste management facility permit. <u>The applicant for a permit shall be the owner of the surface waste management facility. The operator is responsible for the actions of the operator's officers, employees, consultants, contractors and subcontractors as they relate to the operation of the surface waste management facility. Any person who is involved in a surface waste management facility's operation shall comply with 19.15.36 NMAC and the permit.</u></p>	<p>Permit required.
