**APPLICATION OF COG OPERATING LLC, TO RE-OPEN CASE NO. 15090 TO POOL THE INTERESTS OF ADDITIONAL MINERAL OWNERS UNDER THE TERMS OF COMPULSORY POOLING ORDER R-13808, EDDY COUNTY, NEW MEXICO.**

**CASE NO. 15090 (re-opened)**

**APPLICATION**

COG OPERATING LLC, ("COG") through its undersigned attorneys, hereby makes application to the Oil Conservation Division to pool the interests of additional mineral owners under the terms of compulsory pooling orders R-13808. Order R-13808 created a non-standard spacing and proration unit comprised of the W/2 W/2 of Section 6, Township 19 South, Range 26 East, NMPM in Eddy County, New Mexico, and pooled the mineral interests in the Yeso formation underlying said unit. In support of its application, COG states:

1. Under Division Order R-13808, entered on March 11, 2014, the Division created a 160-acre non-standard spacing and proration unit in the Yeso formation (Atoka-Glorieta-Yeso Pool (3250)) consisting of the W/2 W/2 of Section 6, Township 19 South, Range 26 East, NMPM, Eddy County, New Mexico, and pooled certain uncommitted mineral interest owners in this spacing and proration unit ("the Unit").

2. Order R-13808 dedicated the non-standard spacing and proration unit to the **Arabian 6 Fee Well No. 10H Well** (API No. 30-015-42004), which was drilled from a surface location 150 feet from the South line and 210 feet from the West line (Lot 4) of Section 31, to a standard bottomhole location 330 feet from the South line and 530 feet from the West line (Lot 7) of Section 6.

RECEIVED OGD

3. Multiple additional mineral interest owners are no longer committed to the **Arabian 6 Fee Well No. 10H Well** due to a lease expiration issue and termination of a Joint Operating Agreement that occurred after the entry of Order R-13808.

4. The pooling of these additional mineral interest owners under the terms of Division Order R-13808 will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.

5. In order to obtain COG's just and fair share of the oil and gas underlying the Unit, all remaining uncommitted mineral interests in the Unit should be pooled pursuant to the terms of orders R-13808.

WHEREFORE, COG Operating LLC requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 7, 2016, and, after notice and hearing as required by law, the Division pool all remaining uncommitted mineral interest owners in the Unit pursuant to the terms of existing Division Order R-13808.

Respectfully submitted,
