You have received this notice and the attached application because the New Mexico Oil Conservation Division has proposed changes in its requirements relating to the drilling of new wells in the Designated Area identified in the application.

The New Mexico Oil Conservation Commission will consider these proposals at a public hearing to commence on Monday, August 8, 2016, at 1:00 p.m., in Porter Hall, on the first floor of the Wendell Chino Building, located at 1220 South Saint Francis Drive in Santa Fe, New Mexico.

You are not required to appear at the hearing, but the Commission's decision may affect any new wells you have proposed to drill, or may propose to drill, on properties located in the Designated Area.
