Re: Canyon Largo Unit
Canyon Largo Unit #2H
API 30-039-31239
Gallup Formation
Rio Arriba County, New Mexico

Dear Ms. Scott:

We are in receipt of your letter of February 10, 2016 together with the non-commercial determination data for the above referenced well.

The Bureau of Land Management, advised this office that they concur with your determination that the Canyon Largo Unit #2H is not capable of producing unitized substances in paying quantities from the Gallup Formation and is to be produced on a lease basis.

Please be advised that the Commissioner of Public Lands concurs with yours and the Bureau of Land Management's determinations that the Canyon Largo Unit #2H is a non-commercial Gallup formation well and should be produced on a lease or communitization basis.

If you have any questions, or if we may be of further help, please contact Sue Keelin at (505) 827-5783.

Very truly yours,

AUBREY DUNN
