STATEMENT OF THE CASE

APPLICANT

Applicants seek an order approving a non-standard spacing and proration unit in the Wolfcamp formation comprised of the SE/4 of Section 25 and the E/2 of Section 36, Township 24 South, Range 28 East, N.M.P.M., and pooling a number of interest owners into the well unit.

OPPONENT

Murchison Oil & Gas, Inc. ("Murchison") owns an interest in the S/2 of Section 25, which includes a portion of the lands in the proposed well unit. The S/2 of Section 25 is subject to an existing JOA, under which Murchison has proposed a Wolfcamp well. Murchison asserts that granting the application could strand a portion of Murchison's acreage. Thus, the application should be denied.

In addition, Murchison asserts that applicants have not made a good faith effort to obtain the voluntary joinder of the working interest owners in the well unit, and again the application should be denied.
