**APPLICATION OF ONEENERGY PARTNERS  
OPERATING, LLC FOR A NON-STANDARD  
SPACING AND PRORATION UNIT AND FOR  
COMPULSORY POOLING, LEA COUNTY, NEW MEXICO**

2017  
11  
-  
C

CASE NO 15719

**APPLICATION**

OneEnergy Partners Operating, LLC ("OEP") through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of N M Stat Ann § 70-2-17 for an order (1) creating a 240.85 acre spacing and proration unit comprised of the W/2 SE/4, SW/4 NW/4 and Lot 2 of Section 2 and the W/2 NE/4 of Section 11 Township 25 South, Range 35 East NMPM, Lea County, New Mexico, and (2) pooling all uncommitted interests in the Wolfcamp formation underlying this acreage. In support of its application, OEP states

1 OneEnergy Partners Operating LLC (OGRID No 372031) is a working interest owner in the non standard spacing unit and has the right to drill thereon

2 OEP proposes to dedicate the above-referenced spacing and proration unit as the project area for its proposed **Parade BWY State Com No 1H Well**, which will be horizontally drilled from a surface location in the NW/4 NE/4 (Lot 2) of Section 2 to a standard bottom hole location in SW/4 NE/4 (Unit N) of Section 11

3 The completed interval for this well will remain within the 330-foot standard offset required by the Statewide Rules set forth in 18.15.15 NMAC

4 OEP has sought and been unable to obtain voluntary agreement for the development of these lands from all of the working interest owners in the subject spacing unit

5 The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights

6 In order to permit OEP to obtain its just and fair share of the oil and gas underlying the subject lands, all mineral interests in this non-standard spacing unit should be pooled and OneEnergy Partners Operating LLC should be designated the operator of this proposed horizontal well and spacing unit

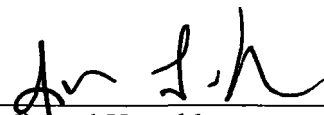

WHEREFORE OneEnergy Partners Operating LLC requests that this application be set for hearing before an Examiner of the Oil Conservation Division on June 8, 2017 and, after notice and hearing as required by law, the Division enter an order

- A Creating a 240.85 acre non-standard spacing and proration unit in the Wolfcamp formation comprised of the W/2 SE/4, SW/4 NW/4, and Lot 2 of Section 2 and the W/2 NE/4 of Section 11 Township 25 South, Range 35 East, NMPM, Lea County New Mexico
- B Pooling all uncommitted interests in the non standard spacing and proration unit
- C Designating OneEnergy Partners Operating LLC operator of this non standard spacing unit and the horizontal well to be drilled thereon,
- D Authorizing OEP to recover its costs of drilling equipping and completing the well
- E Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures, and

- F      Imposing a 200% penalty for the risk assumed by OEP in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well

Respectfully submitted

**ATTORNEYS FOR ONEENERGY PARTNERS  
OPERATING, LLC**

CASE 15719

**Application of OneEnergy Partners Operating, LLC for a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico** Applicant in the above-styled cause seeks an order (1) creating a 240.85 acre non standard spacing and proration unit in the Wolfcamp formation comprised of the W/2 SE/4, SW/4 NW/4, and Lot 2 of Section 2 and the W/2 NE/4 of Section 11, Township 25 South, Range 35 East, NMPM Lea County New Mexico and (2) pooling all uncommitted interest owners within the non standard spacing and proration unit. Said unit will be the project area for its proposed **Parade BWY State Com No 1H Well**, which will be horizontally drilled from a surface location in the NW/4 NE/4 (Lot 2) of Section 2 to a standard bottom hole location in SW/4 NE/4 (Unit N) of Section 11. The completed interval for this well will comply with the 330 foot standard setbacks for oil wells. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision designation of OneEnergy Partners Operating, LLC as operator of the well and a 200% charge for risk involved in drilling said well. Said area is located approximately 9 miles northwest of Jal, New Mexico.
