Randy

Please see the attached documents relating to the lease in Lot 4 of Section 6 T24S R28E Eddy County NM

I updated the info so you can sign on behalf of the Guitar Holding Company. Also I included the Memo of Oil and Gas Lease (what we will be recording in the county records). The lease itself will be held internally.

Please let me know if you have any questions. Thanks

Good Afternoon Mr. Spiva,

My name is Mitch Robb and I am a Landman with Mewbourne Oil Company. Clayton Pearson forwarded me your contact information so I could get in touch with you regarding leasing the parties that Guitar Holding Company LP has executive rights for.

Below, I have listed out the terms that Mewbourne agreed to with the Witherspoons.

- 1 Attached Lease form
- 2 Three (3) Year Primary Term
- 3 \$1 250 00/net acre

I believe that we might have to tweak the names a little bit but for now this should be a good starting point so you can review the lease form Also I have attached an excel sheet that I prepared that shows how the interest spread out over the parties that Guitar Holding Company LP has executive rights for

Please let me know if you have any questions and I will be happy to help in any way that I can

Thank you

No worries Mitch. Attached is the unrecorded OGL from RDP/Xplor to Big 3. I'm sending for recording today and will provide you a recorded copy ASAP. I'm copying Tres Featherstone on this email so you guys can work out the JOA/AFE issues. On the MD for the Courtney Courtney minerals, I'll prepare that and shoot it over for your approval before recording. Thanks, Ross

Hey Ross

I apologize. I meant to get back with you yesterday but got distracted by a few things.

All that sounds good to me and I'll be on the look out for the OGL. Once I get that OGL in, I'll add Big Three Energy Group to the JOA and send out AFEs and signature/notary pages. I have already received a signed AFE from FDC, so I'll remove them from the JOA once we get it all sorted out. Finally, do you have a mineral deed form that you would like to use?

Thanks

recorded OGL hopefully by the end of the week As for the Courtney Courtney minerals, my entire group would like to give Mewbourne a mineral deed for \$0 Is this acceptable? Thanks Ross

Mitch

So I broke a Landman 101 rule today NEVER EVER EVER EVER ASSUME ANYTHING

I personally went to the abstract company to look at District Court records and the Eddy County Records what I found is that your title attorney is 100% correct The chain of title for Sec 6 had absolutely nothing to do with the chain on Courtney Courtney's other minerals that she received from Felton The train wreck occurs when Felton received the minerals (technically as community property) via a QTS Judgement a few months prior to Bernice filing for divorce for beating her then they don't mention the tract in their list of real property assets that they split There are also too many real property assets to make the assumption that Felton received all of the mineral rights from the marriage There are no arguments that I can think of that'll ever get my group up to 5 NMA via a QTS at best it would take a QTS to obtain 2 5 NMA that being said, with the interest Ross Duncan Properties stood to get under a QTS Judgement, it would take a 10 million barrels of oil to make up for the time I've spent on this today I'm going to bow out of the thought of participating Mewbourne, Regeneration or whoever else can have a lease from me to chase this deal if not I'll be subject to FP order I'm going to copy Featherstone and Xplor on this email and they can let you know what they want to do (I've attached Mewbourne's title requirement for their info)

Thank you for all the help and patience in this matter I'll catch you on the next deal

Thanks,

Good afternoon, Mike. Thanks for sending the AFE again. Do you have any well data requirements beyond our daily drilling and completion reports?

Thanks,

Ross

We are currently putting the final touches on the JOA. So I will send you that once we have it finalized.

Additionally, we plan on spudding the E/2 during the 4th quarter of this year. Please let me know if you have any additional questions.

Thanks

Good Morning Mitch

I received your well proposal for the subject well. I would imagine that I'll participate with my interest, but will wait to make an election until I can review the JOA.

When do you plan to spud the E/2 of this proposed WIU?

Thanks,  
Ross
