DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES  
OIL CONSERVATION DIVISION**

**APPLICATION OF OXY USA INC  
FOR A NON-STANDARD SPACING AND  
PRORATION UNIT, AND COMPULSORY POOLING,  
EDDY COUNTY, NEW MEXICO**

L 117  
CASE NO 15757

**APPLICATION**

OXY USA Inc (“OXY”) through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of N M Stat Ann § 70 2 17 for an order (1) creating a 160-acre non standard spacing and proration unit comprised of the N/2 S/2 of Section 29 Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico, and (2) pooling all uncommitted interests in the Bone Spring formation underlying this acreage In support of its application, OXY states

1 OXY USA Inc (OGRID No 16696) is a working interest owner in the proposed non standard spacing and proration unit and has the right to drill thereon

2 OXY proposes to dedicate the above referenced spacing and proration unit as the project area for its proposed **Cedar Canyon 29 Federal Com No 24H Well**, which will be horizontally drilled from a surface location in the NW/4 SW/4 (Unit L) of Section to a standard bottom hole location in NE/4 SE/4 (Unit I) of Section 29 The completed interval for this well will remain within the 330 foot standard offset required by the Statewide Rules set forth in 19 15 15 NMAC

3 OXY has sought and been unable to obtain voluntary agreement for the development of these lands from all of the interest owners in the subject spacing unit

4 The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights

5 In order to permit OXY to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in this non-standard spacing unit should be pooled and OXY USA Inc should be designated the operator of this proposed horizontal well and spacing unit

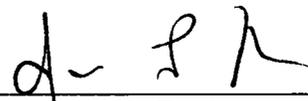

WHEREFORE, OXY requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 20, 2017, and, after notice and hearing as required by law, the Division enter an order

- A Creating a 160-acre spacing and proration unit comprised of the N/2 S/2 of Section 29 Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico
- B Pooling all uncommitted interests in the non standard spacing and proration unit,
- C Designating OXY USA Inc operator of this non-standard spacing unit and the horizontal well to be drilled thereon,
- D Authorizing OXY to recover its costs of drilling equipping and completing the well,
- E Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures, and

F Imposing a 200% penalty for the risk assumed by OXY in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well

Respectfully submitted
