RE: TRINITY BURRUS ABO UNIT
LEA COUNTY, NEW MEXICO

Dear Mr. Arnold:

Enclosed are copies of (1) the Unit Operating Agreement for the Trinity Burrus Unit, (2) four copies of a Ratification of Unit Operating Agreement, and (3) a copy of New Mexico Oil Conservation Division Order No. R-12596 which approved the proposed unit pursuant to the New Mexico Statutory Unitization Act.

Although you may have previously ratified the Unit Agreement and Unit Operating Agreement for the Trinity Burrus Abo Unit, Chesapeake Operating, Inc. ("Chesapeake") requests that you re-ratify the Unit Operating Agreement. At the Oil Conservation Hearing that resulted in the approval of this unit plan, Chesapeake requested an amendment to Exhibit G, Paragraph 3 of the Unit Operating Agreement to assure that the non-consent provision in the agreement conformed to the intentions of the parties and to the provisions of the New Mexico Statutory Unitization Act. The Oil Conservation Division approved the Unit Agreement and Unit Operating Agreement as amended. At the hearing Chesapeake recommended, and again the Division agreed, that since the Unit Operating Agreement is a contract only between the unit working interest owners, only the working interest owners should be asked to re-ratify this agreement.

There are no other changes to the original agreement provided to you by Chesapeake.

ATTACHMENT B

We are requesting each working interest owner to execute and notarize four copies of the attached Ratification of the Unit Operating Agreement. Keep one for your records and return three copies to me in the enclosed envelop at the earliest possible date.

Should you have any questions or need assistance with this matter, please contact me at 405.810.2727.

Best regards,
