## STATE OF NEW MEXICO DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES OIL CONSERVATION DIVISION

## APPLICATION OF MARATHON OIL PERMIAN LLC FOR APPROVAL OF A SPACING UNIT AND COMPULSORY POOLING, LEA COUNTY, NEW MEXICO.

## CASE NO. <u>20/36</u>

## **APPLICATION**

Marathon Oil Permian LLC ("Marathon"), OGRID Number 372098, through its undersigned attorneys, hereby makes an application to the Oil Conservation Division pursuant to the provisions of NMSA (1978), Section 70-2-17, for an order: (1) to the extent necessary, approving the creation of a Bone Spring horizontal spacing unit; and (2) pooling all uncommitted mineral interests within a Bone Spring horizontal spacing unit underlying the W/2 E/2 of Sections 28 and 33, Township 20 South, Range 33 East, N.M.P.M., Lea County, New Mexico. In support of this application, Marathon states as follows:

1. Marathon is an interest owner in the subject lands and has a right to drill a well thereon.

2. Marathon seeks to dedicate the underlying the W/2 E/2 of Sections 28 and 33, Township 20 South, Range 33 East, N.M.P.M., Lea County, New Mexico to form a 320-acre, more or less, spacing unit.

3. This spacing unit will be dedicated to the **Tomahawk 33 SB Fed 15H** well. These wells will be horizontally drilled in the Bone Spring formation.

4. These wells will comply with the Division's setback requirements.

5. Marathon sought, but has been unable to obtain a voluntary agreement from all interest owners in the Bone Spring formation underlying the proposed spacing unit to participate in the drilling of the well or to otherwise commit their interests to the well.

6. The creation of a spacing unit and the pooling of all interests in the Bone Spring formation underlying the proposed unit will prevent the drilling of unnecessary wells, prevent waste and protect correlative rights.

7. Marathon further requests that it be allowed one (1) year between the time the well is drilled and completion of the well under the order issued by the Division.

WHEREFORE, Marathon requests this application be set for hearing before an Examiner of the Oil Conservation Division on December 6, 2018, and after notice and hearing as required by law, the Division enter its order:

A. To the extent necessary, approving the creation of a spacing unit;

B. Pooling all mineral interests in the Bone Spring formation underlying a horizontal spacing unit in the underlying the W/2 E/2 of Sections 28 and 33, Township 20 South, Range 33 East, N.M.P.M., Lea County, New Mexico;

C. Designating Marathon as operator of this unit and the wells to be drilled thereon;

D. Authorizing Marathon to recover its costs of drilling, equipping and completing these wells;

E. Approving actual operating charges and costs charged for supervision, together with a provision adjusting the rates pursuant to the COPAS accounting procedure;

F. Setting a 200% charge for the risk involved in drilling and completing the wells in the event a working interest owner elects not to participate in the wells.

2

G. Allowing a time period of one (1) year between when the well is drilled and when the well is completed under the order.

Respectfully submitted,

MODRALL, SPERLING, ROEHL, HARRIS & SISK, P.A.

Bennett Post Office Box 2168 500 Fourth Street NW, Suite 1000 Albuquerque, New Mexico 87103-2168 Telephone: 505.848.1800 *Attorneys for Applicant*  CASE NO. \_\_\_\_\_: Application of Marathon Oil Permian LLC for a spacing unit and compulsory pooling, Lea County, New Mexico. Applicant seeks an order from the Division: (1) to the extent necessary, approving the creation of a Bone Spring spacing unit; and (2) pooling all uncommitted mineral interests within a Bone Spring horizontal spacing unit underlying the underlying the W/2 E/2 of Sections 28 and 33, Township 20 South, Range 33 East, N.M.P.M., Lea County, New Mexico. This spacing unit will be dedicated to the **Tomahawk 33 SB Fed 15H** well, which will be horizontally drilled. The producing area for this well will be orthodox. Also to be considered will be the cost of drilling and completing said well, the allocation of these costs as well as the actual operating costs and charges for supervision, designation of Marathon as operator of the well, and a 200% charge for risk involved in drilling said well, and allowing a one year period between when the well is drilled and when the well is completed. Said area is located approximately 3.5 miles east southeast of Halfway, New Mexico.
