Dear Mr. Walker:

We are in receipt of your letter of May 14, 2014 together with the commerciality determination data for the above captioned wells.

The Bureau of Land Management, by their letter of August 13, 2014, has concurred with your determination that the above captioned wells are capable of producing unitized substances in paying quantities from the Bone Spring formation.

Please be advised that the Commissioner of Public Lands concurs with the Bureau of Land Management's determination that the Burton Flat Deep Unit Well Nos. 53H, 54H, 57H and 58H are commercial wells. Please submit a participating area for the Bone Spring formation.

Very truly yours,
