

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

APPLICATION OF ENCANA OIL AND GAS (USA), INC. FOR APPROVAL OF THE BLANCO WASH UNIT; CREATION OF A NEW POOL FOR HORIZONTAL DEVELOPMENT WITHIN THE UNIT AREA; AND FOR ALLOWANCE OF 330-FOOT SETBACKS FROM THE EXTERIOR OF THE PROPOSED UNIT, SAN JUAN COUNTY, NEW MEXICO.

**CASE NO. 15212
Order No. R-13931**

ORDER OF THE DIVISION

BY THE DIVISION:

This case came on for hearing at 8:15 a.m. on October 2, 2014, at Santa Fe, New Mexico, before Examiner Scott Dawson and legal counsel Gabriel Wade.

NOW, on this 10th day of November, 2014, the Division Director, having considered the testimony, the record and the recommendations of the Examiner,

FINDS THAT:

1. Due public notice has been given, and the Division has jurisdiction of the subject matter of this case.
2. Encana Oil and Gas (USA), Inc. ("Applicant") seeks:
 - a. Approval of the Blanco Wash Unit ("the Unit") pursuant to 19.15.20.14 NMAC comprising 4,804 acres, more or less, of Federal and Indian Allotted lands in San Juan County, New Mexico; and
 - b. Creation of a new pool for horizontal oil wells in the Unitized Interval within the Unit; and
 - c. Allowing the completed interval of horizontal oil wells in the Unit to be located no closer than 330 feet to the outer boundary of the Unit.
3. The Unit is composed of the following acreage located in San Juan County, New Mexico:

TOWNSHIP 24 NORTH, RANGE 8 WEST, NMPM

Section 7: All
Section 18: All
Section 19: N/2

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 11: All
Section 12: All
Section 13: All
Section 14: All
Section 23: N/2
Section 24: N/2

4. The Unitized Interval includes all formations from 100 feet below the stratigraphic equivalent of the top of the Mancos Shale (base of the Mesa Verde Group) to the stratigraphic equivalent of the base of the Greenhorn (top of Graneros Shale), as shown in the Escrito P16-2409 01H Well (API No. 30-045-35313) in Section 16, Township 24 North, Range 9 West, San Juan County, New Mexico, NMPM.

5. The Federal/Allotted Indian/Fee Exploratory Unit will be developed and operated as a single Participating Area and will, therefore, constitute a single Project Area in accordance with 19.15.16.7(L) NMAC.

6. The Unit is currently subject to the White Wash Mancos Dakota Oil Pool (64290) and the Special Rules and Regulations for the Basin Mancos Gas Pool (97232) adopted under Order No. R-12984. The White Wash Mancos Dakota Oil Pool is subject to Statewide Rule 19.15.15.9 which requires wells to be located no closer than 330 feet to the outer boundary of a spacing unit. Rule C of the Special Rules for the Basin Mancos Gas Pool require wells to be located no closer than 660 feet to the outer boundary of a spacing unit or, in this case, the outer boundary of the project area.

7. Applicant appeared at the hearing through counsel and presented an expert in petroleum land matters and petroleum geology who provided testimony and evidence that:

a. The Unit is comprised of eight separate leases of Federal land and eleven separate leases of Indian Allotted land.

b. All interests in the Unit are expected to be committed to the Unit.

c. The Federal/Allotted Indian/Fee Exploratory Unit Agreement was prepared on the form prescribed by the Bureau of Land Management (BLM), but has been modified in two significant respects:

i. It applies only to horizontal oil wells in the unitized interval; and

ii. The entire Federal/Allotted Indian/Fee Exploratory Unit is established as a single Participating Area.

d. The Federal/Allotted Indian/Fee Exploratory Unit Agreement will be executed by the BLM on behalf of the Federal Indian Minerals Office and the interest owners in the Allotted Indian lands comprising the Unit.

e. Applicant has discussed the Federal/Allotted Indian/Fee Exploratory Unit and the Federal/Allotted Indian/Fee Unit development plans with the BLM and the Federal Indian Minerals Office on behalf of the interest owners in the Allotted Indian lands comprising the Unit. Following these discussions, the BLM issued a letter to the Federal Indian Minerals Office, providing preliminary approval of the Federal/Allotted Indian/Fee Exploratory Unit. *See Encana Oil and Gas, (USA) Inc. Ex. 3.*

f. Records at the Federal Indian Minerals Office indicate there are approximately 698 interest owners in the Allotted Indian lands within the Unit. Applicant has provided notice of this application and hearing by certified mail to these interest owners with addresses of record.

g. Applicant has published notice of this application and hearing in The Farmington Daily Times, a newspaper of general circulation in San Juan County, for the interest owners of record in the Allotted Indian lands for which no address could be found following diligent efforts.

h. In addition to the newspaper notice referenced above, Applicant has provided notice of this application and hearing by certified mail to all interest owners within the Unit, operators and lessees in the offsetting Basin Mancos spacing units surrounding the Unit and all affected Indian Allottees.

i. The Unit is located within both the Basin Mancos Gas Pool and the White Wash Mancos Dakota Oil Pool. An analysis of the existing pools demonstrates that the technical and reservoir characteristics of the hydrocarbons in each of the existing pools are identical in all respects. The pressure gradients for these pools are generally the same, the fluids are compatible, and the oil API gravity is consistent. Therefore, any well drilled within the Unit will produce from a common source of supply and is essentially one oil pool.

j. There are no fluid-sensitivity issues, no loss of reserves due to cross-flow and the value of the total remaining reserves from these pools will not be reduced by combining the pools into one pool within the Unit.

k. The Unit will be developed to produce oil from the Mancos formation. As a result, Applicant seeks an exception to the Special Rules for the Basin Mancos Gas Pool to allow horizontal oil wells to be located no closer than 330 feet to the

outer boundary of the spacing unit, which is the standard setback requirement for oil wells under the Division's statewide rules.

l. No faults, pinch-outs or other geologic impediments exist to prevent the Unitized Interval from being developed by horizontal oil wells.

m. The available well control in the area demonstrates the Unitized Interval identified in the type log is laterally contiguous across the entire Unit.

n. Applicant, therefore, requests the creation of a new pool for horizontal oil wells within the Unit subject to the following:

- i. This new oil pool should apply to existing and future horizontal oil wells in the Unitized Interval underlying the Unit.
- ii. This new oil pool should be subject to the Division's statewide rules for oil wells.
- iii. Horizontal oil wells in the Unitized Interval may be located anywhere within the Unit, so long as no portion of the completed interval is closer than 330 feet to the outer boundary of the Unit.

8. Since the Federal/Allotted Indian/Fee Unit Agreement provides that the entire Unit shall comprise a single Participating Area, the Unit constitutes a single Project Area for horizontal oil wells under OCD Rule 19.15.16.7.L(2) NMAC. Accordingly, internal setbacks requirements within the Unit do not apply to unit wells under the Division's rules.

9. Applicant presented evidence that the proposed Unit is logically subject to exploration and development under a unit plan and that an exception to the well location requirements of the Special Rules for the Basin Mancos Gas Pool is warranted for horizontal oil wells within the Unit.

10. A new oil pool for horizontal oil wells in the Unitized Interval underlying the Unit should be created to resolve administrative and reporting issues.

11. Applicant does not oppose operators in offsetting spacing and proration units locating horizontal oil wells in the Unitized Interval no closer than 330 feet to the exterior boundary of the Unit.

12. No party appeared in opposition to the application.

13. The proposed Unit and the request for authority to locate horizontal oil wells within the Unit no closer than 330 feet to the outer boundary of the Unit should be approved.

14. This application will prevent waste and protect correlative rights and should be granted.

IT IS THEREFORE ORDERED THAT:

(1) The unitization of the Blanco Wash Federal/Allotted Indian/Fee Exploratory Unit consisting of 4,804 acres, more or less, of Federal and Indian Allotted lands in San Juan County, New Mexico, is hereby approved pursuant to 19.15.20.14 NMAC.

(2) The Unit consists of the following lands in San Juan County, New Mexico:

TOWNSHIP 24 NORTH, RANGE 8 WEST, NMPM

Section 7: All
Section 18: All
Section 19: N/2

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 11: All
Section 12: All
Section 13: All
Section 14: All
Section 23: N/2
Section 24: N/2

(3) The Unitized Interval includes all formations from 100 feet below the stratigraphic equivalent of the top of the Mancos Shale (base of the Mesa Verde Group) to the stratigraphic equivalent of the base of the Greenhorn (top of Graneros Shale), as shown in the Escrito P16-2409 01H Well (API No. 30-045-35313) in Section 16, Township 24 North, Range 9 West, NMPM.

(4) A new oil pool for horizontal oil wells in the Unitized Interval within the Unit is hereby created and named the Blanco Wash Unit Hz Oil Pool.

(5) This oil pool shall be limited to the areal extent of the Blanco Wash Federal/Allotted Indian/Fee Exploratory Unit as specifically described in Ordering Paragraph 2 of this Order, and shall not be extended beyond the Unit boundaries.

(6) This new oil pool shall apply to existing and future horizontal oil wells in the Unitized Interval within the Unit.

(7) This new oil pool shall be subject to the Division's statewide rules for oil wells.

(8) Horizontal oil wells can be located anywhere within the Unit, so long as no portion of the completed interval is closer than 330 feet to the outer boundary of the Unit.

(9) All interests in the Unit will be committed to the Unit.

(10) All existing and future vertical wells in the Mancos formation within the Unit shall remain dedicated and subject to the requirements for the existing White Wash Mancos Dakota Oil Pool and the Basin Mancos Gas Pool, respectively.

(11) The Unit constitutes a single Project Area for horizontal oil well development pursuant to 19.15.16.7(L)(2) NMAC and accordingly unit wells may be drilled anywhere within the Unit so long as no portion of the completed interval is closer than 330 feet to the outer boundary of the Unit unless otherwise approved by the Division pursuant to 19.15.15.13 NMAC.

(12) Encana Oil and Gas (USA), Inc., is designated operator of the Unit and the Project Area.

(13) Applicant will not oppose operators in offsetting spacing and proration units requesting to locate horizontal or vertical oil wells in the Unitized Interval as close as 330 feet to the exterior boundary of the Unit.

(14) If a new pool for horizontal oil well development is formed that encompasses this Blanco Wash Unit Hz Oil Pool for horizontal oil well development, the Blanco Wash Unit Hz Oil Pool will be incorporated into that new pool and the operator of the Unit and Project Area shall be required to file the necessary forms with the Division to dedicate those wells to the new pool.

(15) All data regarding well interference concerning setbacks and internal well spacing shall be made available to the Division as soon as available.

(16) This Order shall become effective upon final approval of the proposed Unit Agreement by the BLM and the Federal Indian Minerals Office. A copy of the executed Unit Agreement shall be provided to the OCD upon final approval.

(17) This Order is binding on all current and future operators of the Project Area and associated Federal/Allotted Indian/Fee Exploratory Unitization Agreement.

(18) Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

PART B – CERTIFICATION AND REQUEST FOR APPROVAL

1. The Assignor certifies as owner of an interest in the above designated lease that he/she hereby assigns to the above assignee(s) the rights specified above.
2. Assignee certifies as follows: (a) Assignee is a citizen of the United States; as association of such citizens; a municipality; or a corporation organized under the laws of the United States or of any State or territory thereof. For the assignment of NPR-A leases, assignee is a citizen, national, or resident alien of the United States or associations of such citizens, nationals, resident aliens or private, public or municipal corporations; (b) Assignee is not considered a minor under the laws of the State in which the lands covered by this assignment are located; (c) Assignee's chargeable interests, direct and indirect, in each public domain and acquired lands separately in the same State, do not exceed 246,080 acres in oil and gas leases (of which up to 200,000 acres may be in oil and gas options), or 300,000 acres in leases in each leasing District in Alaska of which up to 200,000 acres may be in options, if this is an oil and gas lease issued in accordance with the Minerals Leasing Act of 1920, or 51,200 acres in any one State if this is a geothermal lease; (d) All parties holding an interest in the assignment are otherwise in compliance with the regulations (43 CFR Group 3100 or 3200) and the authorizing Acts; (e) Assignee is in compliance with reclamation requirements for all Federal oil and gas lease holdings as required by sec. 17(g) of the Mineral Leasing Act; and (f) Assignee is not in violation of sec. 41 of the Mineral Leasing Act.
3. Assignee's signature to this assignment constitutes acceptance of all applicable terms, conditions, stipulations and restrictions pertaining to the lease described herein.

For geothermal assignments, an overriding royalty may not be less than one-fourth (1/4) of one percent of the value of output, nor greater than 50 percent of the rate of royalty due to the United States when this assignment is added to all previously created overriding royalties (43 CFR 3241).

I certify that the statements made herein by me are true, complete, and correct to the best of my knowledge and belief and are made in good faith.

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
DIVISION FOR THE PURPOSE OF
CONSIDERING:**

**CASE NO. 15335
ORDER NO. R-13931-A**

APPLICATION OF ENCANA OIL & GAS (USA) INC. TO AMEND ORDER NO. R-13931 TO EXPAND THE BLANCO WASH FEDERAL/ALLOTTED INDIAN/FEE EXPLORATORY UNIT AND THE CORRESPONDING BLANCO WASH UNIT HZ OIL POOL, SAN JUAN COUNTY, NEW MEXICO.

ORDER OF THE DIVISION

BY THE DIVISION:

This case came on for hearing at 8:15 a.m. on June 25, 2015, at Santa Fe, New Mexico, before Examiner Michael A. McMillan.

NOW, on this 15th day of December, 2015, the Division Director, having considered the testimony, the record and the recommendations of the Examiner,

FINDS THAT:

(1) Due public notice has been given, and the Division has jurisdiction of this case and of the subject matter.

(2) Encana Oil & Gas (USA) Inc. ("Encana") has made application to amend Division Order No. R-13931 to expand the geographic area of the Blanco Wash Unit and expand the corresponding Blanco Wash Mancos (Oil) Pool (Pool Code 98173) to the expanded Unit boundaries.

(3) Under Division Order No. R-13931 issued on November 10, 2014 in Case No. 15212, the Division approved the Blanco Wash Unit in the Mancos formation comprising 4,804 acres, more or less, of federal, allotted Indian, and fee lands and created a new oil pool for horizontal wells within the Unit Area. This pool was subsequently designated by the Aztec district office of the Division as the Blanco Wash Mancos (Oil) Pool (Pool Code 98173).

(4) Under the terms of Order No. R-13931, the Blanco Wash Unit has not become effective, since final approval was never obtained from the Bureau of Land Management ("BLM").

(5) Encana personnel have met with land owners and have proposed expansion of the Unit.

(6) The Unit Area for the expanded Blanco Wash Unit will consist of 13,128.47 acres, more or less, and will encompass the following Federal, Indian Allotted, State, and fee lands in San Juan County, New Mexico:

TOWNSHIP 24 NORTH, RANGE 8 WEST, NMPM

Section 6:	All
Section 7:	All
Section 18:	All
Section 19:	All

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 1:	All
Section 2:	E/2
Section 4:	W/2
Section 5:	All
Sections 8 through 17:	All
Section 20:	All
Section 21:	N/2
Section 22:	N/2
Section 23:	N/2
Section 24:	All

(7) Except for changes to Exhibits A and B to the Unit Agreement, all other provisions of the Unit Agreement remain the same as prior to the expansion, including the Unitized Interval and the effective date. The effective date of this Unit is August 20, 2012. The only wells to be included as "Unit Wells" are those wells containing one or more laterals drilled, completed, or recompleted so the horizontal component of the completion interval extends at least 1000 feet in the objective formation. All existing and future vertical wells are excluded from this Unit as is that certain horizontally drilled well with API No. 30-045-35313 which was drilled and completed prior to the effective date. That well is also the subject well with the Type Log for the Unit.

(8) The resulting Unit Area includes 21 federal tracts comprising 76 percent of the Unit. There are also 4 State tracts, 1 fee tract, and 14 Navajo Allotted tracts within the expanded Unit.

(9) Notice of this application was provided in the expanded Unit Area to all working interest owners and to all Indian Allottee Mineral Interest Owners. Notice was also provided to the affected parties in those lands surrounding the expanded Unit Area.

(10) Notice of the proposed Unit and of this case was posted in the Farmington Daily Times, a newspaper of general circulation.

(11) Ms. Adrienne Wood, an Indian Allottee interest owner, appeared at the June 25, 2015, hearing and asked for a continuance. Ms. Wood had received notice of this application but had not filed a prehearing statement in this case. The motion for continuance was denied.

(12) Mr. Rena V. Nez had received notice of this application but had not filed a prehearing statement in this case. Mr. Nez asked to speak and provided comments which are contained in the transcript.

(13) No other parties appeared or otherwise opposed this application.

(14) Encana is in the process of obtaining signatures from working interest owners approving the revised Joint Operating Agreement that governs operations within the expanded Unit. The BLM and the SLO have provided letters of preliminary approval of the expanded Unit. The FIMO has attended the meetings and has verbally expressed approval.

(15) The geology of the Unitized Interval is continuous and extends across the expanded Unit. There are no faults, pinch-outs, or other geologic impediments that isolate lands within the Unit Area or would suggest creation of a separate pool.

(16) The application to amend Division Order No. R-13931 to expand the Blanco Wash Unit and the corresponding Blanco Wash Mancos (Oil) Pool will prevent waste and protect correlative rights.

(17) The application should be approved.

(18) The ordering paragraphs in Division Order No. R-13931 should be vacated and replaced as detailed below.

IT IS THEREFORE ORDERED THAT:

(1) The application of Encana Oil & Gas (USA) Inc. to amend Division Order No. R-13931 to expand the geographic area of the Blanco Wash Unit and expand the corresponding Blanco Wash Mancos (Oil) Pool to the bounds of the new Unit boundaries is hereby approved.

(2) All ordering paragraphs of Order No. R-13931 are hereby vacated and replaced with the following.

(3) The Blanco Wash Unit shall comprise 13,128.47 acres, more or less, of Federal, State, Navajo Allotted, and fee lands in San Juan County, New Mexico, and be described as follows:

TOWNSHIP 24 NORTH, RANGE 8 WEST, NMPM

Section 6:	All
Section 7:	All
Section 18:	All
Section 19:	All

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 1:	All
Section 2:	E/2
Section 4:	W/2
Section 5:	All
Sections 8 through 17:	All
Section 20:	All
Section 21:	N/2
Section 22:	N/2
Section 23:	N/2
Section 24:	All

(4) This order shall be effective on the first day of the month following the later of (i) the entry date of this order or (ii) the date on which final approval of the Blanco Wash Unit is obtained by Applicant from the SLO, the FIMO, and the BLM. The final approval letters by the BLM, the FIMO, and the SLO, shall be provided to the Division.

(5) Encana Oil and Gas (USA) Inc. (OGRID 282327) is hereby designated the Unit operator.

(6) Pursuant to the Unit Agreement, the Unitized Interval shall include all formations from 100 feet below the stratigraphic equivalent of the top of the Mancos Shale (base of the Mesa Verde Group) as defined at a depth of approximately 4440 feet, to the stratigraphic equivalent of the base of the Greenhorn Limestone, as defined at a depth of approximately 6152 feet shown on the log run March 22, 2012 on the Escrito P16 2409 Well No. 1H (API 30-045-35313) located in Unit P, Section 16, Township 24 North, Range 9 West, NMPM, San Juan County, New Mexico.

(7) Unit Wells shall be those wells allowed in the Unit Agreement.

(8) All existing and future wells within the horizontal limits of this Unit but not designated per the agreement as Unit Wells shall remain dedicated and subject to the requirements of existing pools or statewide rules.

(9) The Unit shall constitute a single Project Area for horizontal oil well development pursuant to Division Rule 19.15.16.7.L (2) NMAC; provided however, the Project Area shall be limited to Unit Wells.

(10) Applicant's request for all Unit Wells to be dedicated to one oil pool is hereby approved. All horizontal oil wells of at least 1000 feet lateral length drilled and completed in the Mancos formation within the Unit Area and after the effective date shall be dedicated to the existing Blanco Wash Mancos (Oil) Pool. The Aztec District office of the Division may expand or contract the Pool without notice or hearing if the boundaries of the Unit are altered. The vertical limits of this pool shall extend from the base of the Mesaverde Group to the base of the Greenhorn formation or top of the Graneros formation.

(11) The Blanco Wash Mancos (Oil) Pool shall be subject to Division Rules 19.15.15.9, 19.15.16.14B(3), and 19.15.20.12A NMAC; provided however, the following stipulations shall apply to Unit Wells:

a. The Unit Operator shall submit to the Division Form C-102 for each Unit Well that shows the drilling block for that particular well (each standard-sized oil spacing unit penetrated by the well), the total acreage within the Unit and the Division order number approving the Unit; and

b. As per Applicant's request, any Unit Well may be drilled anywhere within the Unit provided that no portion of the completed interval is closer than 330 feet to the outer boundary of the Unit unless otherwise approved by the Division pursuant to Division Rule 19.15.15.13 NMAC.

(12) Within 30 days of the effective date of this order the operator of this Unit shall rename any existing Unit Wells so those wells become the same property and shall dedicate all Unit Wells to the Blanco Wash Mancos (Oil) Pool.

(13) Should a new pool for Mancos development be formed that encompasses the area of the Blanco Wash Unit, then the existing pool for Unit Wells will be contracted, and the Blanco Wash Unit Wells shall be incorporated into that new Mancos pool. In that event, the operator of the Blanco Wash Unit shall file the necessary forms with the Division to dedicate those wells to the new pool.

(14) The plan contained within the Blanco Wash Unit Agreement for the development and operation of the Unit is hereby approved in principle as a proper conservation measure. All plans of development for the Blanco Wash Unit shall be submitted annually to the Division for review.

(15) The Unit operator shall file with the Division an executed original or executed counterpart of the Unit Agreement within 60 days of the date of this order. In the event of subsequent joinder by any other party, or expansion or contraction of the Unit Area, the Unit operator shall file with the Division, within 60 days thereafter, counterparts

of the Unit Agreement reflecting the subscription of those interests having joined or ratified.

(16) Applicant shall provide inter-well communication data within the Unit to the Aztec District office of the Division no later than 18 months after the effective date of this order.

(17) Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

CERTIFIED – RETURN RECEIPT REQUESTED

March 28th, 2017

Re: Notice of Unitization
Blanco Wash Unit

Dear Sir or Madam:

This letter is written to advise you of the plan for unitization being implemented by Encana Oil & Gas (USA) Inc. ("Encana") across the area covering 13,128.47 acres generally located in Township 24 North, Ranges 8-9 West in San Juan County, New Mexico. This unit is called the **Blanco Wash Unit**.

You are an owner of oil and gas mineral rights under one or more Oil & Gas Mining Lease(s) managed by the Federal Indian Minerals Office ("FIMO") and located within the boundary of this planned **Blanco Wash Unit** area. The particular lease(s) which are included with the Unit Area and under which you hold mineral rights are listed on the attached schedule. This schedule also identifies the Allotment Number, the Unit Tract Number and the BIA Lease Number associated with your lease ("Lease(s)").

There is also enclosed for your information, a copy of the map for the **Blanco Wash Unit** area which shows all the Unit tracts comprising the total 13,128.47 acres which make up the complete **Blanco Wash Unit** area. The location of your Lease(s) within the Unit Area is identified on the map by the Tract Number shown on your enclosed schedule. Encana, as Operator of the Unit is submitting unit materials to the Bureau of Land Management, New Mexico State Land Office and Federal Indian Minerals Office for final approval.

This letter is, therefore, notice to you, in accordance with 25 CFR 212.28 (d) of the commitment of the Lease(s) to the **Blanco Wash Unit** Agreement.

We look forward to a successful upcoming drilling program.

Sincerely,

ENCANA OIL & GAS (USA) INC., acting through
its authorized Agent,
Encana Services Company Ltd.

A handwritten signature in blue ink, appearing to read "Kent E. Curran", is written over a horizontal line.

Kent E. Curran, CPL
Land Manager, San Juan Basin
