To: James Bruce  
Attorney for  
Pride Energy Co.  
and

To: New Mexico  
Oil Conservation  
Division

This letter is in regards to the  
Pride Energy Company and New Mexico Oil  
Conservation Division meeting at 8:15 a.m.  
on May 11, 2006. We received a letter  
from Pride Energy Company just as we  
were leaving on an extended job away  
from the mainland U.S.A. We felt that  
when we returned, we would get more  
information and look into the newly  
proposed drilling of the well. We expected  
to be gone 8-10 weeks, and intended to contact  
our lawyer and an advisor on our return.

Yesterday, we received a fax:

from the person who was taking care  
of our mail, with your letter. As we  
will not be home from this job until  
approx. the 13<sup>th</sup> of May, we would like  
to leave open our options on this until  
we return home and have time to  
research this.

Thank you,

Roy Parrett
