Re: NMOCD Case No. ____; Application of LCX Energy, LLC for Compulsory Pooling,
Eddy County, New Mexico

Dear Mr. Mitchell & Ms. Mitchell:

This will advise that LCX Energy, LLC has filed an Application with the New Mexico Oil Conservation Division seeking an order pooling all mineral interests from the surface to the base of the Wolfcamp formation underlying the S/2 of Section 21, Township 16 South, Range 25 East, NMPM, Eddy County, New Mexico. These lands are to be dedicated to Applicant's proposed 1625 Fed Com No. 211 Well. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of LCX Energy, LLC or its designee as operator of the well and a charge for risk involved in drilling said well. A copy of the application is enclosed.

This application will be set for hearing before a Division Examiner at 8:15 a.m. on August 17, 2006, at the New Mexico Oil Conservation Division, 1220 South St. Francis Dr., Santa Fe, New Mexico. You are not required to attend this hearing, but as an owner of an interest that may be affected, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging this application at a later time.
