Case 13552 / Edge Petroleum

Dave -

I published notice as to Providence
Oil + Gas Corp. (At first I thought it was defunct.)
No affidavit of publication is enclosed.

Jim

To: Providence Oil & Gas Corporation: Edge Petroleum Exploration Company has filed an application for compulsory pooling with the New Mexico Oil Conservation Division, seeking an order pooling all mineral interests from the base of the Bone Spring formation to the base of the Morrow formation underlying the N/2 of Section 29, Township 20 South, Range 30 East, NMPM, to form a 320-acre gas spacing and proration unit for all formations and/or pools developed on 320 acre spacing within that vertical extent, including the Undesignated Golden Lane-Strawn Gas Pool and Undesignated Dos Hermano-Morrow Gas Pool. The unit is to be dedicated to a well to be drilled from a surface location in the NW/4 of Section 28, Township 20 South, Range 30 East, N.M.P.M., to an ortho-dex bottomhole location approximately 710 feet from the north line and 1700 feet from the east line of Section 29. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Edge Petroleum Operating Company as operator of the well, and 200% charge for the risk involved in drilling and completing the well. The unit is located approximately 16-1/2 miles northeast of Carlsbad, New Mexico.
