Gentlemen:

Your application of April 5, 2007, filed with the BLM requests the designation of the proposed Paris Draw State Exploratory Unit area, embracing 6,833.48 acres more or less, located in T. 16 S., Rgs. 23 and 24 E., NMPM, Eddy County, New Mexico, as logically subject to exploration and development under the unitization provisions of the Mineral Leasing Act as amended.

If conditions are such that modification of said standard form is deemed necessary, three copies of the proposed modifications with appropriate justification must be submitted to this office for preliminary approval.

In the absence of any type of land requiring special provisions or any objections not now apparent, a duly executed agreement identical with said form, modified as outlined above, will be approved if submitted in approvable status within a reasonable period of time. However, notice is hereby given that the right is reserved to deny approval of any executed agreement submitted which in our opinion, does not have the full commitment of sufficient lands to afford
