Re: Case 13115/Application of Nadel and Gussman Permian,
L.L.C. for Special Pool Rules, etc.

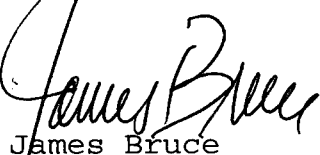

Dear Mr. Stogner:

As you are aware, applicant's Tucker Fee Well No. 1Y, which generated this application, has been shut-in for some time due to questions over the well's status as an oil well or gas well. There have been two hearings on this application, and no affected party has objected to the relief sought by applicant. As a result, applicant requests that verbal approval be given to applicant (and the Artesia District Office) to allow the well to be turned back on pending issuance of an order in this matter.

I have contacted Mr. Owen, attorney for Snow Oil & Gas, Inc., about this request, and they have no objection.

Thank you for your consideration of this request.

Very truly yours,

James Bruce

Attorney for Nadel and Gussman Permian, L.L.C.
