Subject: open pit rules and oil drilling impact issue/s

Dear Mr. Fesmire:

I have been informed that email comments are welcomed in this matter and may possibly be allowed into the public record, so I am sending this email to you today. I used to live and work off of (Goldmine Road) County Road 55 in Cerrillos and intend with my fiancée to purchase residential property in this area (contingent upon the outcome of the oil drilling activity in that area.)

At this time I am working out of town in California and as such find it nearly impossible to attend the hearings that are currently being conducted. I would like to go on record in support of repealing Rule 50 [9.15.17.2.50 NMAC] and replacing it with a proposed new rule to be codified as 19.15.17 NMAC.

Thank you in advance for your attention and assistance in this matter.

Best regards,

Corinna Bethke
