Dear Mr. Fesmire:

I would like to go on record in support of repealing Rule 50 [9.15.17.2.50 NMAC]and replacing it with a proposed new rule to be codified as 19.15.17 NMAC.

I am a property owner in the Cerrillos area. I will be directly affected if this drilling is allowed to happen. We need to encourage responsible behavior in anyone doing business in Santa Fe County, especially oil companies with their terrible history of leaving a trail of ruin wherever they drill. We should encourage renewable energy and become a leader in the state, not just another ruined county. Revenues from oil are short-term and short-sighted considering the lasting damage we will have to live with. Solar and wind can provide jobs and growth that is sustainable and healthy for ALL New Mexicans.

Thank you for your time and concern.

Sincerely,

Scott Heath
