To Mr. Fesmire

I would like to go on record in support of repealing Rule 50 [9.15.17.2.50 NMAC] and replacing it with a proposed new rule to be codified as 19.15.17 NMAC.

But, I would prefer it if the state would fashion legislation to effectively keep oil and gas exploration out of New Mexico while, at the same time, write laws to facilitate and create green energy production and markets. This will bring and keep money in the state and in our communities instead of revenues being funneled out of New Mexico as it is happening now.

Thank you
