STATEMENT OF THE CASE

Coleman Oil & Gas, Inc. ("Coleman") seeks an order amending Administrative Order SWD-806-B to delete the provisions requiring it to re-enter and re-plug the Monument Well No. 1 and the Monument Well No. 2. The Oil Conservation Division opposes the deletion of those provisions, and supports the administrative order as written.

APPLICANT'S PROPOSED EVIDENCE

WITNESS:

ESTIMATED TIME:

Daniel Sanchez, Underground Injection Control (UIC) Director 20 min.

Steve Hayden, OCD District I Geologist 30 min.

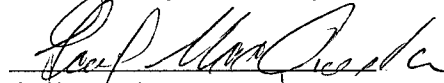

William Jones, OCD Petroleum Engineer and Hearing Examiner 10 min.

PROCEDURAL MATTERS

The OCD requests permission to present Mr. Hayden's testimony by telephone. Counsel for Coleman does not object.

In the alternative, if Mr. Hayden must testify in person, the OCD requests that the hearing be held in the late morning, so that Mr. Hayden will be able to attend without making an overnight trip. Again, counsel for Coleman does not object.
