Re: **APPLICATION OF MARBOB ENERGY CORPORATION FOR AN ORDER
AUTHORIZING THE DRILLING OF A WELL IN THE POTASH AREA, LEA
COUNTY, NEW MEXICO.**

Ladies and Gentlemen:

Enclosed is a copy of the above-referenced application filed with the New Mexico Oil Conservation Division by Marbob Energy Corporation seeking an order approving the drilling of its proposed Magnum Pronto State Com Well No. 2 to test the Morrow Formation, Lusk-Morrow Gas Pool within the Potash Area at a location 1980 feet from the South and West lines (Unit K) of Section 32, Township 19 South, Range 32 East, NMPM, Lea County, New Mexico. This well will be drilled to an approximate depth of 12,700 to test the Morrow formation. Said location is within the Potash Area and approximately 19 miles south southwest of Maljamar, New Mexico.

This application has been set for hearing before a Division Examiner at 8:15 AM on November 29, 2007. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office, four days in advance of a scheduled hearing, but at least on the Thursday preceding the hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing

Very truly yours,
