		I called Mr. Trainer and talked to him about the possibility of a agreed compliance order and he agreed that he would rather do the order than go to hearing. I told him I would work up the agreement and send it to him. Mrs. Heard with Oil Reports called and said she was submitting a C108 for approval for the SWD.

		Mr. Trainer sent me a letter responding to my shut in well letter sent on Sept10, 2004. He said they had been disposing water lately. The well is classed as a gas well. I checked the well file and SWD 520 was canceled in May of 1998. Trent Grovey called and I asked that he shut the well in due to the cancellation of the permit to inject in 1998. He said he would shut the well in.
