**Attachments:** cimarex-pad-fp1h-yorktown 12-2.doc

Florene: Attached is a revised ad for this case. I had the land in the wrong county -- Eddy rather than Chaves. Please re-advertise for the 7/10 docket. Thanks.

Jim

**Case No. 14142: Continued and readvertised**

**Application of Cimarex Energy Co. for a non-standard oil spacing and proration unit and compulsory pooling, Chaves County, New Mexico.** Cimarex Energy Co. seeks an order approving a non-standard oil spacing and proration unit (project area) comprised of the S/2 N/2 of Section 12, Township 15 South, Range 31 East, NMPM, to form a non-standard 160-acre oil spacing and proration unit (project area) for any and all formations or pools developed on 40-acre spacing within that vertical extent, and pooling all mineral interests in the Wolfcamp formation underlying the non-standard unit. The unit is to be dedicated to the Yorktown 12 Well No. 2-H, a horizontal well to be drilled at a surface location 1980 feet from the North line and 330 feet from the West line, with a terminus 1980 feet from the North line and 330 feet from the East line, of Section 12. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Cimarex Energy Co. of Colorado as operator of the well, and a 200% charge for the risk involved in drilling and completing the well. The unit is located approximately 17-1/2 miles northeast of Loco Hills, New Mexico.
